

Exhibiting at the Weekend...Sunday Market

Set Up & Breakdown

Set-up:

Sunday 12th May from 7am

Breakdown:

Sunday 12th May from 5pm

Vehicle Access

ALL cars must be removed from the Market Square site before 9.30am.

If you are using our exhibitor car park please let them know when you arrive that you are a Sunday Market trader and they will endeavour to make your exit as swift as possible.

Your Market Stall location

On arrival at the market you will be shown the location of your market stall, which is a standard stall with cover over the roof NOT the walls or at the back.

Electricity

If you have booked electricity this will be allocated to your stall once you are set up and equipment has been checked - it would help if you could bring extra extension leads too.

Exhibitor's Selling Alcohol

The Market Square is licensed to sell alcohol; therefore there is no requirement to apply for an alcohol license. Last orders on alcohol sales are 15 minutes before closing.

Trading Details

ALL exhibitors are required to display prominently on their stand full contact details: *Business name, postal address, phone number*; it is also helpful to display email address and website address.
